

Butet Practice Saddle Rental

- Rental Fee: Rate: \$150/week or \$25/day (Transit days are not charged for)
- Rental time must be paid for in full, including shipping, before the saddle will leave the shop.
- Shipping within Canada is a flat rate of \$75.
- Save the original shipping box and original packing materials. Please inspect the box for damage that it may have incurred on its way to you. Contact us if the box is damaged, otherwise please use the same box and materials when returning the saddle to us.
- The saddle will arrive to you with a short girth. If returned without the girth, a \$515 fee will be assessed.
- You are responsible for the saddle when it is in your care. Please keep it covered and in a secure area at all times when the saddle is not being used.
- Please do not clean or oil the saddle with any products. Keep free of dust and debris with a damp cloth.
- To return, send the saddle via traceable carrier and email tracking to peonyponytack@gmail.com.
- Should you wish to purchase a practice saddle of your own after renting ours, the rental fee (*less shipping charges*) will be treated as a deposit and applied toward your new one.
- Saddles returned with excessive wear or damage will be charged a damage fee to be determined by Alexandra Taylor, owner of The Peony Pony.
- You must notify us before the end of your rental period if you will be unable to ship the saddle back to us on or before the agreed-upon return date. Should we not hear from you, the saddle will be considered sold and you will be charged in it's entirety.
- All rental and shipping charges must be paid in full and a credit must be on file with The Peony Pony before the saddle will ship to you.

I _____, have read and understand how the Butet Practice Saddle Rental Program works and give permission to Alexandra Taylor to charge my card that is on file accordingly.
